Paper Plate Igloo

You will need:

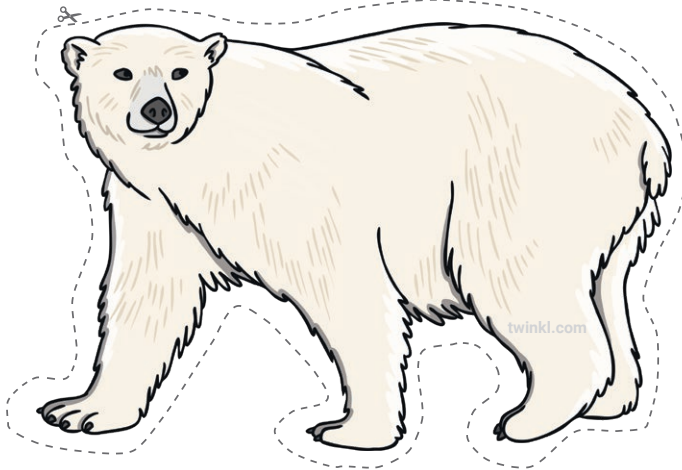

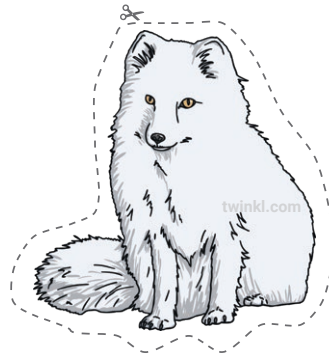

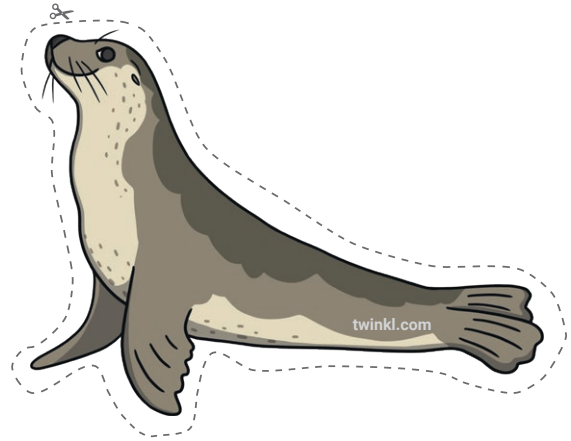

- paper plate
- scissors
- cotton wool balls
- winter cut-outs
- white glue
- glitter glue (optional)
- sequins (optional)

Instructions:

1. Cut the paper plate in half. Each side can be used to make two igloos.
2. Turn the paper plate so that the edges are curved up and the flat edge is on the bottom. (It should resemble an igloo shape.)
3. Use white glue to stick the cotton balls onto the front of the paper plate so that it is covered.
4. Cut out the door from the cut-outs and stick it in the middle of the igloo. Then, choose and cut out your chosen winter characters and stick them next to the door so that they are standing at the front of the igloo.
5. Use the glitter glue and sequins to add some extra sparkle!

Winter Cut-Outs

Some ingredients and/or materials used might cause allergic reactions or health problems. You should ensure that you are fully aware of the allergies and health conditions of those taking part. If you have any concerns about your own or somebody else's health or wellbeing, always speak to a qualified health professional. Activities listed within the resource should always be supervised by an appropriate adult. Children should be supervised when using sharp items such as scissors or other tools. Please make sure you are aware that children may put craft items into their mouths, and that they should wash their hands afterwards. By using this resource, you acknowledge that it is the responsibility of supervising adults to ensure the safety of children in their care and that we will accept no liability as a result of the activity.
